

Seminars on Drug Sciences (SDS)

Wednesdays 17:00 - 18:00, Lecture Hall 1, Pharmazentrum, Klingelbergstrasse 50, Basel

- Sep 20, 17** **Stefanie Flohr (1) und Anna Schubart (2)**
1) Senior Investigator I, Novartis Institutes for Biomedical Research (NIBR), Global Discovery Chemistry
2) Investigator III, Novartis Institutes for Biomedical Research (NIBR), Autoimmunity, Transplantation and inflammation
“Discovery of highly potent, selective and orally bioavailable complement alternative pathway inhibitors”
Host: Prof. D. Ricklin
- Okt 04, 17** **Prof. Dr. Andreas Schatzlein, Chair in Translational Therapeutics, UCL School of Pharmacy, London, UK**
” Molecules → Materials → Medicines “
Host: J. Kovac / Prof. J. Huwyler
- Okt 11, 17** **Prof. Valentin Wittmann, Fachbereich Chemie, Universität Konstanz, Gemany**
“Structural and Mechanistic Insight into Multivalent Carbohydrate-Protein Interactions“
Host: Prof. B. Ernst
- Okt 18, 17** **Dr. med. Burkard Thilo, Kardiologie, University Hospital Basel, Switzerland**
“Myths busted – trends and novelties in blood pressure measurement”
Host: Prof. S. Krähenbühl
- Nov 01, 17** **Prof. Rita Gerardy-Schahn, Hannover Medical School, Institute for Cellular Chemistry, Hannover, Germany**
“Exploring Allosteric Mechanisms in UDP-Glucose Pyrophosphorylases: A Way to Access a Phylogenically Conserved Enzyme as Therapeutic Target“
Host: Prof. B. Ernst
- Nov 08, 17** **Dominique Brees, DVM, PhD, DACVP, Executive Director at Novartis, Specialization Pathology**
“Urinary biomarkers of renal injury: from bench to bedside”
Host: Prof. A. Odermatt
- Nov 15, 17** **Prof. Heiko Heerklotz, Institute for Pharmaceutical Sciences, University of Freiburg, Germany**
“Trying to understand the mode of action of thermoresponsive liposomes“
Host: Dr. G. Québatte / Prof. J. Huwyler

Seminars on Drug Sciences (SDS)

Wednesdays 17:00 - 18:00, Lecture Hall 1, Pharmazentrum, Klingelbergstrasse 50, Basel

- Nov 22, 17** **Prof. Dr. med. Christoph M. Schempp, Oberarzt, Leiter Forschungszentrum skinitial, Klinik für Dermatologie und Venerologie, Universitätsklinikum Freiburg, Germany**
“will follow“
Host: Prof. M. Hamburger
- Nov 29, 17** **Prof. Stefan Borgwardt, Zentrum für Diagnostik und Krisenintervention, Zentrum für Psychotische Erkrankungen, Universitäre Psychiatrische Kliniken Basel, Switzerland**
“Acute effects of LSD on brain activity and connectivity“
Host: Prof. S. Krähenbühl
- Dez 06, 17** **Dr. Denis Barron, Head of the Natural Bioactives and Screening Group; Nestlé Institute of Health Sciences; Lausanne, Switzerland**
“The quest for bioactive molecules in food“
Host: Prof. M. Hamburger
- Dez 13, 17** **Prof. Dr. Christian Heinis, Laboratory of Therapeutic Proteins and Peptides, Ecole Polytechnique Fédérale de Lausanne (EPFL), Switzerland**
“Phage display selection of bicyclic peptides for therapeutic application“
Host: Prof. D. Ricklin
